

# Narcolepsy Charter

**#nukcharter**

---

The Narcolepsy UK Charter is a statement of the respect, care and support that people living with narcolepsy and their carers deserve and should expect.

# 1

**People with narcolepsy have the right to live in a society that understands and recognises the impact of narcolepsy on themselves and their families and carers.**

# 2

**People with narcolepsy have the right to an early diagnosis and information.**

# 3

**People with narcolepsy have the right to high quality care and treatments.**

4

**People with narcolepsy  
have the right to education.**

# 5

**People with narcolepsy have the right to employment and career progression.**

# 6

**People with narcolepsy and their carers have the right to maximise their quality of life.**

# Thanks to

# What now?

---

Encourage as many organisations as possible to sign up to the Charter including professional bodies representing medical practitioners, schools, universities, employers and government service providers

Persuade and train these organisations to do things differently so that we get the support that we deserve

Support our members to convince individuals within schools, universities, workplaces, the NHS and their personal networks to sign up and take action too
